Introduction and Overview

The Australian Grand Prix Corporation (AGPC) is committed to protecting all participants, patrons, staff (including contractors and volunteers) and officials with the COVID Safe protocols as set out in this COVID Safe Event Plan (CSEP).

This CSEP applies to the Formula 1® Heineken® Australian Grand Prix 2022 (“the Event”) to be held at the Albert Park circuit (“the Venue”) during the period between Thursday 7 April 2022 – Sunday 10 April 2022, when members of the public are permitted to attend. Public gate open and close timings are included in Appendix 1 of this document.

This CSEP has been prepared with the following conditions applicable for the Event:

- Proof of full vaccination (as defined by Victorian Government health orders (or certification as an excepted person), for everyone aged 18 and above will be a requirement for entry to the Venue for all participants, patrons, staff and officials
- All patrons attending the Venue will be required to check-in using the Service Victoria app to scan the Event QR code upon entry into the Venue
- All reasonable measures will be taken to ensure compliance with the CSEP measures outlined in this document and the Victorian Government COVID-19 Health directives applicable at the time of the Event

This COVID-Safe Event Plan describes the measures and controls in place for the Event to identify and mitigate public health risks across the following key areas:

1. Record keeping
2. Verification of COVID-19 vaccination status
3. Communications
4. Crowd management
5. Cleaning and hygiene
6. Staff Safety

Part 1: Key information

Registered company / business name	Australian Grand Prix Corporation
Trading company / business name	Australian Grand Prix Corporation
Business address	Level 5, 616 St Kilda Rd, Melbourne VIC 3004
ABN	86 947 927 465
Event organiser	Andrew Westacott, Chief Executive Officer, AGPC
COVIDSafe coordinator contact details (name & email). This contact will be responsible for monitoring public health directions.	Tom Mottram, Division Manager – Operations, Risk & COVID-19 Response and Deputy General Manager – Operations tom.mottram@grandprix.com.au
Primary contact tracing contact details (name & email)	Stephen Newport, Project Manager – COVID-19 Response & Event Operations Stephen.newport@grandprix.com.au
Secondary contact tracing contact details (name & email)	Felice Iannazzo, Senior Manager – Risk and Resilience felice.iannazzo@grandprix.com.au

Event details

Event name	Formula 1® Heineken® Australian Grand Prix 2022
Event address	Albert Park Grand Prix Circuit, Albert Park VIC 3206
Date(s) of event	7 – 10 April 2022
Event website	https://www.grandprix.com.au/
Event description	<p>The Formula 1® Heineken® Australian Grand Prix is an international motorsport event held at the Albert Park Grand Prix Circuit in Melbourne. The Event has been held annually since 1996.</p> <p>A total of 20 drivers across ten (10) teams compete in a circuit-based motorsport race which takes place over 58 laps of the Albert Park Grand Prix Circuit. Formula 1® official racing activities will occur from Friday 8th to Sunday 10th of April as follows:</p> <ul style="list-style-type: none">• Friday 8th April: Practice Sessions 1 and 2.• Saturday 9th April: Practice Session 3 and Qualifying.• Sunday 10th April: Formula 1® Heineken® Australian Grand Prix 2022 Race. <p>In addition, throughout the Event period from Thursday 7th to Sunday 10th of April, motorsport support categories will take place, including:</p> <ul style="list-style-type: none">• Supercars Championship• Porsche Carrera Cup Series

	<ul style="list-style-type: none"> • S500 <p>The Event will also include off-track features and entertainment for attending patrons. Off-track features and entertainment will likely include live music, other live entertainment, and activations including merchandise and supplier displays.</p>
Maximum expected attendance (100%)	<p>The Venue site size (in square meters) is approximately 1,760,000 sqm (176 Ha)</p> <p>The Venue publicly accessible areas (in square metres) is approximately 1,259,000 sqm (125.9 Ha)</p> <p>The maximum venue capacity is approximately 629,500 based on density of 1 person per 2 square metres of the Venue publicly accessible area, or 839,333 based on a density of 1 person per 1.5 square metres.</p> <p>Based on current and projected ticket sales, the forecast expected attendance for each day at the Event is likely to be in the following ranges:</p> <p>Thursday 7 April 55,000-75,000</p> <p>Friday 8 April 90,000-110,000</p> <p>Saturday 9 April 95,000-130,000</p> <p>Sunday 10 April 105,000-130,000</p> <p>Total 345,000-445,000</p>
Key event timings	See event website www.grandprix.com.au
Ticketing	Tickets for the event are purchased in advance through Ticketmaster Australia and include a refund policy. All tickets are digital. For the Event, the AGPC has developed a set of COVID-19

	<p>special conditions that include patron refund options for COVID-19 related circumstances.</p> <p>These terms allow for a patron to obtain a refund where:</p> <ul style="list-style-type: none">• The Event is cancelled or rescheduled as a direct result of COVID-19;• AGPC is no longer able to accommodate the patron at the Venue;• A patron intending to attend the Event has COVID-19 symptoms and can provide evidence to AGPC of undertaking a date stamped COVID-19 test; or• A patron is prevented from travelling to Melbourne for the Event due to state or territory government travel restrictions and can demonstrate the evidence requested by AGPC. <p>Entry requirements into the Formula 1® Heineken® Australian Grand Prix 2022 will be in accordance with the Victorian Government directive on attending major events.</p> <p>The COVID-19 special conditions will be made available to patrons via the following communication channels:</p> <ul style="list-style-type: none">• Ticketmaster Australia website and ticketing sales process.• AGPC's Event website (https://www.grandprix.com.au/).
--	--

Event personnel details

Staff numbers (excluding vendors, sub-contractors, volunteers)	250 AGPC staff
Vendors and sub-contractor numbers	14,500 other accredited individuals (not including AGPC staff or volunteer race officials), including vendors, patron services, security personnel, emergency services and event workforce contractors (maintenance/repair of event infrastructure e.g., grandstands, super screens, plumbing etc.)
Volunteer numbers	1,100 race officials (volunteers)
COVID Check-in Marshal numbers (required)	Approximately 75 Patron Services staff will be located at Venue entrance gates to ensure all patrons scan the Event QR code and provide proof of full vaccination prior to entry to the Venue.
COVID Marshal numbers (optional)	There will be up to 550 Patron Services staff and 530 Security staff working at the Venue per day. Patron Services and Security staff will be deployed throughout the Venue including at gate entrances, public areas and hospitality facilities. Part of their role will be to support compliance with COVID-Safe requirements applicable at the time of the Event.

Part 2: COVIDSafe measures

COVID-Safe Event Plans prepared for the Event incorporate COVID-Safe measures to reduce the risk and slow the spread of COVID-19 transmission at the Venue before, during and after the Event. Consideration has been given to the following aspects when creating this COVID-Safe Event Plan to identify and mitigate public health risks:

1. Record keeping
2. Verification of COVID-19 vaccination status
3. Communications
4. Crowd management
5. Cleaning and hygiene
6. Staff Safety

1 – Record Keeping

Electronic Ticketing: all tickets for the Event will be electronic, mobile tickets with no hard copy tickets. Patron Conditions of Entry will be communicated and agreed to during the ticket booking process, at the point an individual accepts a ticket (or tickets, if they are purchasing multiple tickets). The ticket booking process is managed by Ticketmaster Australia.

Ticketmaster Australia will collect patron identifying and contact information, as part of the ticket purchase, transfer and/or acceptance process. Information will include at a minimum the name and phone number for a patron, and this will be associated to each digital ticket barcode for a single individual.

COVID-19 Special Conditions (as referred to under Ticketing above) require compliance with any COVID-19 related restrictions, regulation, policy or health directive issued (including the requirement for vaccination or medical exception for entry)

All patrons will have their digital ticket scanned at the Venue entry gates as they enter the Venue.

The Event will have procedures in place for any patrons who are unable to check in digitally. A manual process will be provided where patrons will be supported by patron services staff who will check appropriate documentation is provided prior to entry being permitted into the Venue.

Phone chargers will also be made available at entrances and there will be regular pre-Event communications to patrons on Venue entry requirements and processes (see under 3. Communications below).

QR codes: patrons will be required to scan the mandatory Services Victoria QR code at each Venue entry gate location. The same QR Code will be used for all entrances, as patrons are able to enter the Venue at any of the entrance locations. This process will be enforced by Patron Services deployed at all Venue entrance gates.

Accreditation: Conditions of Entry for accredited personnel including AGPC staff, venue workers, vendors, sub-contractors and race officials (volunteers), will be communicated when applying for accreditation through the Grand Prix Accreditation Portal (GPAP) as well as at the point an individual collects their accreditation.

The AGPC utilises and self-manages the GPAP proprietary accreditation system. The system can be updated to reflect any COVID-19 restriction and/or controls needing to be communicated to all accredited staff.

The GPAP also records the mobile number of every accredited person during the application process and has the ability to send SMS communication to any or all accredited staff.

The AGPC will collect accredited personnel identifying and contact information, as part of the accreditation request and collection process.

Information will include at a minimum the name and phone number for the accredited personnel, and this will be associated to the digital accreditation barcode for that individual.

All personnel who hold an accreditation pass and attend at the Venue must scan their accreditation pass on entry thus providing a record of their attendance on site as well as point and time of entry. A single scan of the accreditation will ensure an efficient entry process for accreditation holders, critical to the safe and effective entry process, particularly at vehicle entry gates.

This record of attendance will provide information as to which accreditation holders are on site at the Venue each day, with this information to be made available for contact tracing or other purposes, thus removing the need for an additional scan of the Services Victoria Event QR code.

Data availability

Upon receiving a request from the Department of Health, or other relevant Victorian Government authority, to assist in identifying individuals who may be required for contact tracing, AGPC can provide details from the following datasets:

- Ticketing details (via Ticketmaster Australia) for any Event days for all patrons which will include at a minimum their name, phone number and further location details if relevant e.g., grandstand section, row and seat; hospitality suite name etc.

- Accreditation details for any Event days for all accredited personnel which will include at a minimum their name, phone number, and further details including company if a vendor, sub-contractor etc. Each time an Accreditation Holder attends the Venue, they will be asked to scan their accreditation pass (which will record the date and time of entry).
- Where relevant, hospitality suite details including table and seating arrangements and key timings.
- Where relevant, AGPC staff details including locations worked

2 – COVID-19 Vaccination

Patrons

All patrons attending the Event must be fully vaccinated in line with Victorian Government directives. Patrons aged 18 years and above will be required to produce proof of vaccination upon entry.

This vaccination requirement is a condition within both the Ticketing Terms and Conditions (for patrons) and the Event Accreditation Terms and Conditions (for staff, officials and participants).

AGPC has developed detailed plans for each entrance to ensure compliant vaccination checks while minimising crowding as much as possible.

The Entrance and Arrival process for patrons includes the following steps:

1. Pre-Arrival

- i. COVID-19 Special Conditions (as referred to under Ticketing above) require compliance with any COVID-19 related restrictions, regulation, policy or health directive issued (including the requirement for vaccination or proof as an excepted person for entry)
- ii. Patrons will receive regular and clear information in relation to vaccination requirements and the entrance process, as detailed further in the next section under Communications.

2. Arrival Messaging

i. Patron Services staff will be located prior to and at the entrance gates, together with VMS signage, messaging screens, public address and loudhailers all informing patrons of the entry process and requirements. The presence of staff along the arrival journey provides for flexibility to adjust messaging for different circumstances.

3. QR Codes/Signage

i. Signage placed prior to and at gate entrances outlining the entry process, QR code scan and vaccination requirements, conditions of entry and COVID-19 symptom reminders.

ii. There will be one Event QR code used for all entrances. This will allow for one data set of all attendees on-site per day. Patrons will have access to all 5 Venue precinct areas open to the general public (see Crowd Management section below), with no additional check point between each precinct.

4. QR Code scan and Vaccination Check

i. Patron Services staff located at the vaccination check point to verify the patron has scanned the Event QR code and shown an acceptable proof of vaccination or certification as an excepted person.

ii. Patrons unable to digitally check in using the Services Vic app or show their digital Australian vaccination certificate will need to check with Patron Services staff for manual verification. Staff will receive detailed training on the Victorian Government's acceptable forms of proof for vaccination or exception.

5. Bag Check & Wanding

i. All patrons on arrival at gate entrances will have personal bags checked in accordance with Event Conditions of Entry.

ii. Patrons will be subjected to random metal detection (wanding) following the bag check process.

6. Ticket Scan

i. All patrons on arrival at gate entrances must scan the barcode on their digital ticket for validation.

On the ground Patron Services and Security staff will respond to any non-compliance by patrons with the above check-in process. Should further escalation be required, notification to the Security Operations Centre, Event Operations Centre and/or Emergency Coordination Centre for support, appropriate action, response and enforcement will take place. Victoria Police are also situated at all entry gates into the venue.

Accreditation Holders

AGPC requires all persons attending the Venue, including Accreditation Holders, to be fully vaccinated in line with current directions and Open Premises Orders from the Victorian Government.

A representative from each organisation applying for (and where applicable, collecting) accreditation for the Event on behalf of members of their organisation is responsible for confirming that each Accreditation applicant is fully vaccinated and agrees that AGPC may request evidence of vaccination to be sighted, in line with Victorian Government directions, at any given time.

The Accreditation organisation representative is to input all true and correct information regarding vaccination status on behalf of the Accreditation applicant and in doing so acknowledges the Accreditation applicant will abide by the Accreditation Conditions (including the Attendance Conditions and COVID-Safe Special Conditions).

Organisations and individuals will be responsible for maintaining their own vaccination records, in line with Victorian Government directions. However, to ensure compliance with the vaccination requirements of the Event, AGPC will audit a subset of all accredited organisations accreditation, including the sighting of vaccination certificates.

3 – Communications

Masks

Current COVID-19 settings only require masks to be worn indoors in the following circumstances unless an exemption applies:

- People on public transport, in taxis and rideshare, on planes, and indoors at an airport
- People working or visiting hospitals, and indoor areas at care facilities
- Workers in hospitality, retail and the court system

- Workers at justice and correctional facilities
- Students in year three or above at primary school, and workers at early childhood centres and primary schools - masks can be removed in secondary school
- People working indoors at an event with more than 30,000 people attending

Compliance with any mask wearing requirements in place at the time of the Event will be reinforced through COVID-Safe messaging as outlined in the next section and on the ground surveillance by event and security staff.

COVID-Safe Messaging

AGPC will provide accurate, clear and informative COVID-Safe messaging for all Event attendees. AGPC is currently developing the content and timing of communications to be provided to Event attendees.

Pre-Event

Key health messaging pre-Event will include the following:

- Adhering to the Event Conditions of Entry.
- Encouraging individuals to stay home if they are experiencing any COVID-like symptoms, or if otherwise required to by Government directive or guidance, including any need to isolate.
- COVID-Safe arrangements and requirements at the Event, including proof of vaccination, QR code scan and any specific Victorian Government public health requirements.
- The Event is a cashless only event
- Any changes to Event arrangements in the lead-up, or significantly different to previous years

Communication channels in the lead-up to the Event will include:

- Direct email and/or SMS via Ticketmaster Australia.
- Direct email from AGPC.
- AGPC's Event website (<https://www.grandprix.com.au/>).

- Social media channels.
- Traditional media channels.

During the Event

Key health messaging during the Event will include, but may not be limited to, the following:

- Adhering to any Victorian Government public health requirements, including those relevant to PPE, mask wearing and physical distancing.
- Patrons should not attend or should immediately leave the Venue if they are experiencing COVID-like symptoms.
- The location of, and directions to attend an Isolation Hut if an individual is experiencing COVID-like symptoms and is unable to leave the Venue
- The location of, and directions to attend a First Aid Hut if an individual is generally unwell, with symptoms other than those similar to COVID-19.
- Good hygiene practices including hand-sanitiser use and other COVID-Safe behaviours.

Communication channels during the Event will include:

- Social media channels.
- Event signage, including location overview signs/maps.
- Spruikers with megaphones located at pedestrian gates across the Venue.
- Event superscreens.
- Event digital maps and collateral, including information pamphlets, Event maps and Event programs.

Signage content will include the following:

- Advising attendees not to enter if they are unwell or have COVID-like symptoms
- Key COVID-19 specific Conditions of Entry, including that AGPC have the right to refuse entry to anyone with COVID-19 symptoms
- The location of the nearest Isolation Hut, and advice for attendees to attend this location if they have COVID-19 symptoms and are unable to leave the Venue.
- Signs supporting COVID-Safe behaviours including social distancing and good hygiene practices.
- Any signs relevant to the adherence to Victorian Government public health directions, including any relevant to the wearing of PPE.

4 – Crowd Management

Patron Capacity

There will be no patron attendance capacity restrictions in place for the Event. Estimated attendance numbers for the Event are included within the Event details section of this CSEP.

The Venue will consist of 5 precincts as shown on the Venue map in Appendix 2. These precincts will be free roaming with all patrons permitted access to the general public areas within each precinct. Precincts are named as follows:

1. Melbourne Precinct
2. Phillip Island Precinct
3. Grampians Precinct
4. Yarra Valley Precinct
5. Great Ocean Road Precinct

Entry to the Venue for patrons will be through gates 1, 2, 3, 4, 5, 8, 9 and 10 as shown on the Venue map in Appendix 2. Grandstand locations are also shown in the Venue maps in Appendix 2.

Gate opening and closing times for each day of the Event are listed in Appendix 1. After Dark entertainment will be provided to encourage patrons to stay on after the race and presentation formalities are completed. This will assist to reduce congestion during the peak egress of patrons after the completion of the Formula 1® race.

To manage patron queuing and to ensure a smooth patron flow in, around and out of the Venue, the following principles will apply:

- Each precinct will have dedicated pedestrian access gate(s) for ingress and egress into the Venue. Note, patrons are able to roam freely between precinct areas open to the general public once inside the Venue.
- Signage will be displayed at each entry gate for patrons to register their attendance with the Services Vic app Event QR Code.
- To avoid congestion during peak egress times, where safe and practicable, additional egress gates will be opened.
- Ingress and egress lanes (and where relevant egress gates) will ensure one-way pedestrian traffic flows, to avoid patron congestion.

- Areas in immediate proximity to pedestrian gates are clear of any activations or similar that would otherwise encourage dwelling and result in potential congestion.
- Attendees will be directed to less congested egress points via Event communication channels including internal super screens, social media and event megaphone spruikers in proximity to pedestrian gates.
- Pedestrian gates will operate dynamically and change their configuration throughout the Event day to ensure pedestrian traffic flows in accordance with the following modes: Ingress, Standard and Peak Egress
- Event staff will monitor, provide reporting on, and where required intervene or request support to ensure congested areas are identified and measures taken to reduce congestion
- Use of CCTV and through the Event Operations Centre control room and the close working relationship with public agencies – e.g., Victoria Police, Department of Transport, Yarra Trams identify and act upon any potential areas of congestion and monitor public behaviour

5 - Cleaning and hygiene

On Event Days and through the appointed cleaning contractor, AGPC will develop plans to ensure the hygiene and cleanliness of the Venue. A detailed cleaning schedule is developed in the lead-up to the Event. The 2022 Event Waste management and Cleaning Plan is currently being developed. The table below is a summary extract of the 2020 Event Cleaning Schedule

Summary Extract of the 2020 Event Cleaning Schedule

Description	Cleaning Period	Cleaning Frequency	Standard of Cleaning
Hospitality Facilities	Pre-clean	Once	High
Hospitality Facilities	Event	Continuous	Dedicated
Hospitality Facilities	Post-clean	Once	General
Grand Prix Site Grounds and Public Catering Areas	Event	Continuous	General
Hospitality Catering Compounds	Event	Continuous	General

Description	Cleaning Period	Cleaning Frequency	Standard of Cleaning
Albert Park Lake	Daily	Continuous	General
Toilets	Event	Continuous	General
Grandstands	Event	Daily	General
Overpasses	Event	Daily	General
Event Period Recycling	Event	Continuous	General
Event Period Waste Disposal	Event	Continuous	General
Event Period Toilet Pump Out and Sullage Waste Disposal	Event	Continuous	General
Post-Event Dedicated Clean of Ovals & General Park Areas	Post-Clean	Continuous	General

All vendors are required to have a COVID-Safe Plan for undertaking activities at the Event. These will include strict cleaning regimes required by AGPC to be implemented by the vendor and monitored by our catering partners. AGPC will ensure that cleaning arrangements are in accordance with the CSEP and adhere to any updated Victorian Government public health directions and advice.

Cleaning priorities relevant to food and beverage outlets, will include:

- Frequent cleaning of any infrastructure in place for food and beverage outlet queue management e.g., crowd control barriers.
- Frequent cleaning of any infrastructure identified as a high touch surface, such as bench tops, service areas and similar.

To further reduce the likelihood of any potential health-risks associated with COVID-19 at food and beverage outlets:

- All food and beverage outlets will align with, and adhere to, Victorian Government public health directions and advice relating to food and beverage service.

Cleaning priorities relevant to:

Ingress and Egress management, will include:

- Frequent cleaning of any infrastructure in place for ingress/egress queue management e.g., crowd control barriers.
- Frequent cleaning of security bag check tables, wands and any other high-touch equipment or areas.

Grandstands, will include:

- Frequent cleaning of any infrastructure identified as a high touch surface, such as hand railings and similar.
- Thorough cleaning of the grandstand prior to the commencement of the next Event day including seating.

Hospitality locations, will include:

- Frequent cleaning of any infrastructure identified as a high touch surface, such as bar areas, hand railings and similar.
- Frequent cleaning of any bathroom facilities contained with hospitality facilities.
- Thorough cleaning of the hospitality facility prior to the commencement of the next Event Day.

Food and beverage outlets, including any infrastructure in place for food and beverage outlet queue management e.g., crowd control barriers; and any infrastructure identified as a high touch surface, such as bench tops and service areas.

Other non-allocated seating areas, including areas such as outdoor dining table and chairs

Activations, including any infrastructure in place for activation queue management e.g., crowd control barriers; and any infrastructure identified as a high touch surface, such as service counters

First Aid and Isolation Huts, including any attendance and use by a potential or suspected COVID-19 case. Note: AGPC's appointed first aid provider, St John Ambulance, wearing appropriate PPE will attend the isolation hut when required to provide support and management for any person experiencing COVID-19 like symptoms. Waste management from First Aid or Isolation Huts when utilised by a potential or suspected COVID-19 case will be managed and disposed of as clinical waste.

- Suitable provision of bins for the disposal of hygiene materials such as tissues, including in locations such as toilets and communal spaces.

Cashless Event

To minimise interaction between patrons and personnel working at food and beverage outlets:

- The Event will be a cashless event, with all transactions at food and beverage outlets occurring via Electronic Funds Transfer with a credit or debit card.

Hand sanitisers

Throughout the Venue, **hand sanitiser** will be placed in various locations to ensure they are placed in locations easily available to all patrons. Any locations with AGPC alcohol-based hand sanitiser will be monitored by AGPC's appointed cleaning contractor to ensure the continued availability of supply.

The following are the principles/locations for the provision of hand sanitiser across the Venue:

- Spread out at locations in proximity to ingress/egress points to the Venue.
- At each ingress/egress point of a hospitality suite
- At food and beverage outlets.
- Spread out at locations in proximity to other non-allocated seating areas.
- At key activations.
- On approach and in proximity to the exit of each pedestrian overpass.
- Bathrooms/toilet facilities.
- First Aid and Isolation Huts.

PPE

All personnel working at pedestrian and vehicle access gates and at the Venue will, where required, wear appropriate Personal Protective Equipment (PPE).

In the circumstance where PPE is required to be worn by any AGPC staff, in accordance with Victorian Government public health directions and advice:

- AGPC will ensure that a sufficient number of appropriate PPE is available for use by staff.
- AGPC will ensure that staff are appropriately trained in the use of PPE, including disposal requirements.

6 - Staff Safety

Surveillance testing using Rapid Antigen Tests (RAT) will be implemented for key event personnel. The level of testing will be dependent on the prevailing COVID-19 conditions and Victorian Government COVID-19 settings at the time of the Event, as well as the supply of RATs, noting there may be other priority areas where supply may be required. A provision of RATs will in addition be allocated for any priority response testing requirements, including any required for key AGPC personnel workplace contact testing.

Pre-event induction, training and briefings information will be provided for all staff, volunteers and contractors particularly in relation to COVID-19 and hygiene including:

- COVID related responsibilities for the Event
- Hygiene practices and access to personal protective equipment
- Guidance on how to deal with non-compliant patrons

Information for anyone experiencing COVID-19 symptoms will be included in the staff safety communications:

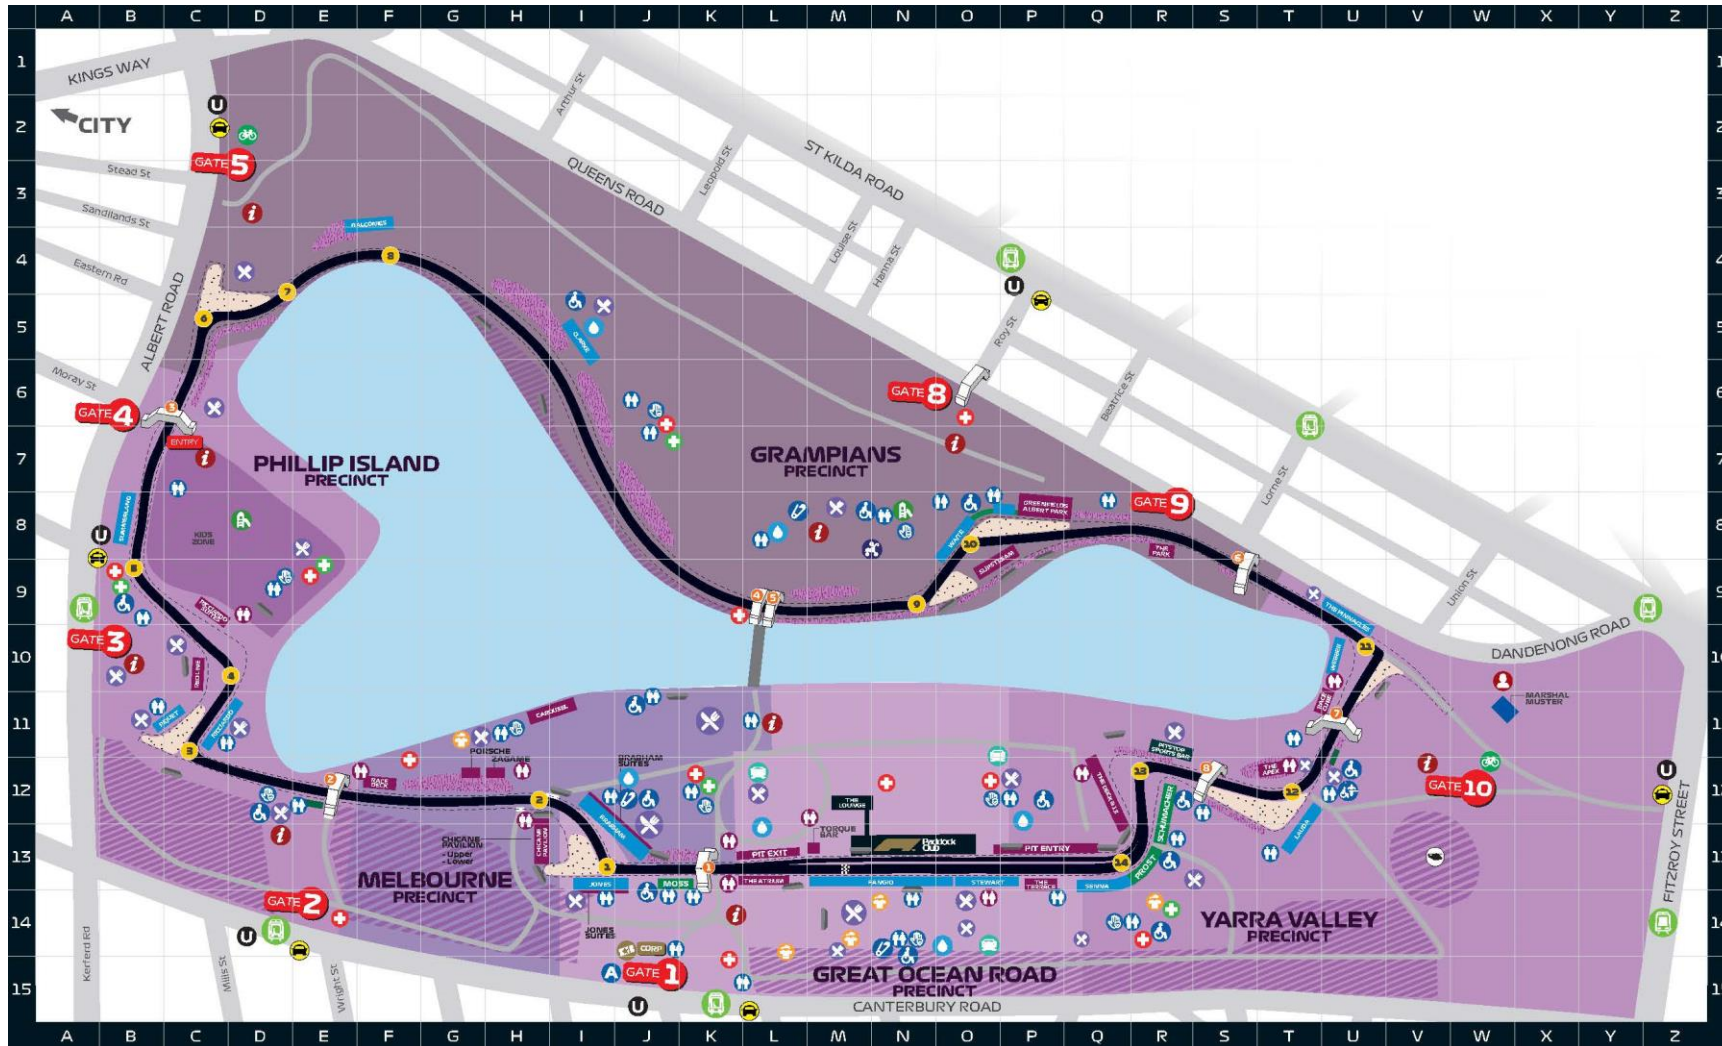

- Not to attend the Venue should they be experiencing COVID-19 symptoms
- Take all necessary steps regarding COVID-19 testing, isolation, notification of contacts and self-reporting in accordance with Victorian Government guidelines and directions
- When at the Venue should any individual feel unwell and be displaying, or report symptoms of COVID-19 they should immediately leave the Venue. If this is not possible, they will be directed to the nearest Isolation Hut.
- First Aid personnel will be deployed to the Isolation Hut and will provide the individual with appropriate support, guidance and recommended course of action in line with Victorian Government health directives.
